1. This memorandum reports settlement of the accounts of subject agent.
2. You will undoubtedly recall our discussion regarding the subject case in connection with the release of references (a) and (b). At that time you requested that you be advised when the case had been cleared. Also, you indicated that it was your desire that the case be called to the attention of the Deputy Director (Plans).
3. On 1 October 1957, the IO Division presented a proposal for final settlement of subject's accounts by recovering the unliquidated balance of advances outstanding at that date (\$889.73) from salary and other credits due him. (Reference (c)). This office agreed to clear the accounts on the basis proposed and IO Division arranged to have subject visit Headquarters for final clearance and termination.

7. We believe that clearance of accounts as indicated above represents a proper determination of accountability based on available documentation. We cannot, however, state that all funds advanced have been applied to purposes of the projects concerned for the reason that, in accordance with the approved plans governing administration of the projects, large sums advanced were accounted for solely on the basis of certification of the Principal Agent, [REDACTED]
